## EXPERIENCE

I have held several positions in the various companies I have worked for as a team leader and project manager. At Hydro-Quebec, I participated in the creation of the Antivirus Expertise Center, the technical documentation center (SharePoint) and the migration of several corporate platforms such as Exchange, migration of OS server and workstations.

In the last several years I have been working as a freelancer Web Designer, Accounting system development, Social Networking, and marketing assistant for various clients.

In the past few months, I successfully completed the IBM Data Analysts Professional Certification, and I am finishing the Google Data Analytics certification.

### **ENTERPRISE OWNER • OM CREATION AGENCY • APRIL 2014 - NOW**

Jimbaran, Bali

Owner with my Indonesian Wife. I am in charge of Web development and hosting, accounting, marketing, social networking etc. We also have a Hair Salon and Spa (Iris Spa & Salon).

Before the pandemic, we had a small restaurant and in 2016-2018 we managed and operated a Homestay.

### **PROJECT MANAGER • HYDRO-QUEBEC • 2013 - 2014**

Automation project of the Windows and Unix servers (1200 servers) - project of automation of the tasks of delivery of new server for the company. Several tasks have been scripted and automated under both environments. Resource management (25), activity management and issues. Production of project monitoring reports, progress reports, management committees, budget management (\$ 300K in resources).
